Overview

The Sandbox Cleanup application is an automation tool that streamlines the removal of unused sandbox customer accounts by region, maintaining capacity limits, eliminating manual cleanup for Ops teams, and ensuring continuous availability of sandbox subscriptions, for testing.

About this document

This document provides step-by-step instructions to understand and navigate through the Sandbox Cleanup dashboard.

Key features:

- Bulk deletion of unused - sandbox domains.
- Maintains sandbox capacity limits.
- Eliminates the need for manual cleanup by Ops teams.
- Ensures availability of sandbox subscriptions for ongoing testing tasks.

Getting Started

This section includes the following topics.

- [Obtain access to the environment](#)
- [Sign in to the Sandbox Cleanup dashboard](#)

Obtain access to the environment

Ensure that you have obtained permission to access the corresponding dashboards of StreamOne Hub.

The Sandbox Cleanup dashboard includes the following environment.

Environment	Web address
PROD	https://streamone-hub.tdsynnex.org

Sign in to the Sandbox Cleanup dashboard

To sign in to the Sandbox Cleanup dashboard, perform the following steps.

1. In the browser, enter <https://streamone-hub.tdsynnex.org>.

The **StreamOne Operations Hub** page is displayed.

2. In the **STREAMONE CLOUD TOOLS** section, click **Sandbox Cleanup**.

The **Sandbox Cleanup** dashboard page is displayed.

Note: When you click the **Sandbox Cleanup** application, if you do not have the required permissions, the **Restricted Access** dialog box is displayed along with a link that navigates to a document explaining how to create an EasyVista ticket. The error message varies according to the permissions.

The following table includes filters of the Sandbox Cleanup dashboard.

Filters	Image	Description
Date		Displays data for the selected date range.
Search		Search specific records within the selected date range.

The following table includes tabs of the Sandbox Cleanup dashboard.

Tab	Description
Success	Displays records for the successfully uploaded subscriptions.
In Progress	Displays records for the subscriptions being processed.
Failed	Displays the subscriptions that encountered errors or did not complete.

Viewing the Sandbox Cleanup process

The cleanup process in the Sandbox Cleanup tool detects and clears outdated and unused sandbox test domains to free up space for new testing.

To view the Sandbox Cleanup process, perform the following steps.

1. On the Sandbox Cleanup page, click the **Upload** button.

The **Sandbox Cleanup** dialog box is displayed.

2. To download a template, click .

The template is downloaded and saved in the **Downloads** folder of your computer.

3. Click **Open file**.

4. Enter the required details in the following columns of the CSV template file:

- Region
- Domain

Note: Ensure that you have the required details before downloading the CSV template file.

5. After entering the details, click **Save**.

6. To upload a file, in the **Sandbox Cleanup** dialog box, go to the **Upload Template** section.

7. Drag and drop, or upload a file from the corresponding location on your computer.

The file is uploaded.

8. Click **Proceed**.

A confirmation message is displayed.

9. Click **Confirm**.

The file is displayed on the **In Progress** tab.
