Viewing the Transfer Request Process8

Overview

The Subscription Transfer Tool allows users to efficiently transfer multiple customers between partners, for onboarding external resellers within TD SYNnex Partner Centers.

To initiate the transfer, users can submit key details such as MPN ID, region, source partner tenant ID, source partner name, and email. The tool also allows you to select the destination region and transfer type and supports bulk transfers to another partner.

The Subscription Transfer Tool simplifies the subscription transfer management and supports both NCE and Azure subscriptions.

About this document

This document provides step-by-step instructions to understand and navigate through the Subscription Transfer dashboard.

Key features:

- Allows **bulk upload** and processing of multiple customer transfers at once.
- Provides a preview of **customers linked** to the **MPN ID** before submission.
- Displays real-time transfer status across Success, In Progress, and Failed tabs.
- Sends **email notifications** and keeps users informed about transfer updates.
- Reduces manual effort by **automating** the **subscription transfer** process.
- Ensures accurate **mapping of partner and customer details** during transfer.

Getting Started

This section includes the following topics.

- [Obtain access to the environment](#)
- [Sign in to the Subscription Transfer dashboard](#) Sign in to the Subscription Transfer dashboard

Obtain access to the environment

Ensure that you have obtained permission to access the corresponding dashboards of StreamOne Hub.

The Subscription Transfer dashboard includes the following environment.

Environment	Web address
PROD	https://streamone-hub.tdsynnex.org

Sign in to the Subscription Transfer dashboard

To sign in to the Subscription Transfer dashboard, perform the following steps.

1. In the browser, enter <https://streamone-hub.tdsynnex.org>.

The **StreamOne Operations Hub** page is displayed.

The screenshot shows the StreamOne Operations Hub interface. At the top, the header includes the TD SYNnex logo and the text 'StreamOne Operations Hub'. A user profile icon is in the top right corner. The main content area features a 'Welcome' message followed by a paragraph: 'Welcome to StreamOne Operations Hub! You've successfully logged in. The following modules are designed to help you manage and monitor your cloud operations with ease. Select a module to get started'. Below this, there are two rows of module cards. The first row contains 'Cloud Credit Connector' and 'Cloud Billing Connector'. The second row, under the heading 'STREAMONE CLOUD TOOLS', contains 'EST Manager', 'PCR Cleanup', 'Sandbox Cleanup', 'Update MPNID', and 'Subscription Transfer'. Each card has an icon, a title, a brief description, and a right-pointing arrow. A small star icon is visible in the bottom right corner of the dashboard area.

TD SYNnex StreamOne Operations Hub

Welcome [User Name],

Welcome to StreamOne Operations Hub! You've successfully logged in. The following modules are designed to help you manage and monitor your cloud operations with ease. Select a module to get started

Cloud Credit Connector
Ensures visibility into reseller credit limits and billing compliance to minimize credit risk.
→

Cloud Billing Connector
Streamlined billing engine for invoicing, costs, and ERP/cloud sync.
→

STREAMONE CLOUD TOOLS

EST Manager
Modify subscription auto-renewal from EST to Cancel at End of Term.
→

PCR Cleanup
Clean up inactive or invalid Microsoft partner-customer relationships.
→

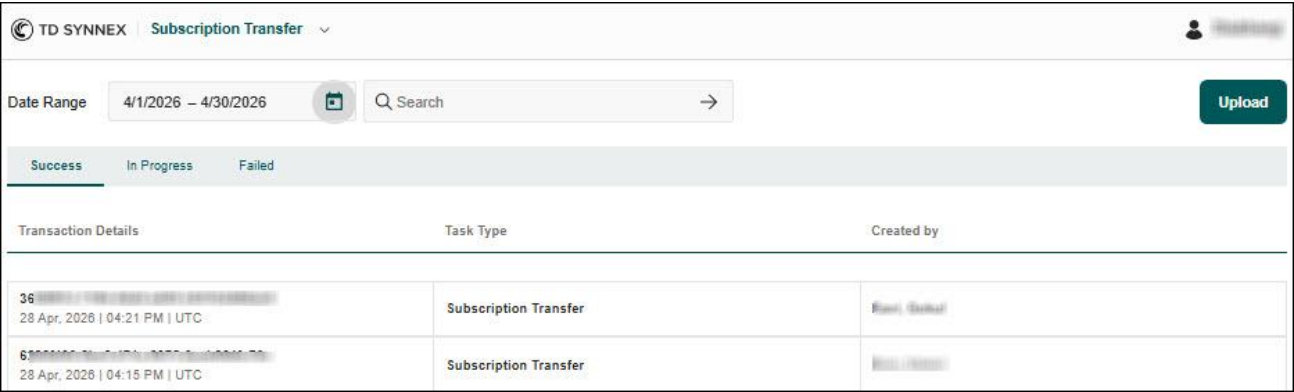

Sandbox Cleanup
Clean up sandbox environments by deleting requested sandbox domains.
→

Update MPNID
Update or correct the MPN ID for a customer to ensure accurate partner association.
→

Subscription Transfer
Transfers customer subscriptions from Source to Destination PAC.
→

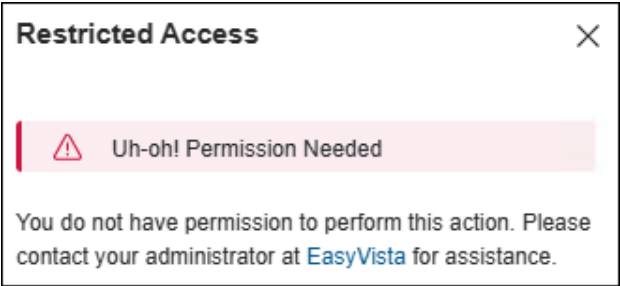

2. In the **STREAMONE CLOUD TOOLS** section, click **Subscription Transfer**.

The **Subscription Transfer** dashboard page is displayed.

Note:

- When you sign in for the first time, the system displays data from the login date that includes the last week, by default. To view details for another period, select the required date range.
- When you click the **Subscription Transfer** application without the required **CLOUD TOOLS** permission, the **Restricted Access** dialog box is displayed along with a link that navigates to a document explaining how to create an EasyVista ticket. The error message varies according to the permissions.

The following table includes filters of the Subscription Transfer dashboard.

Filters	Image	Description
Date		Displays data for the selected date range.
Search		Searches for specific records within the selected date range.

The following table includes tabs of the Subscription Transfer dashboard.

Tab	Description
Success	Displays transfer requests completed successfully.
In Progress	Displays transfer requests that are being processed.
Failed	Displays the transfer requests that encountered errors or did not get completed.

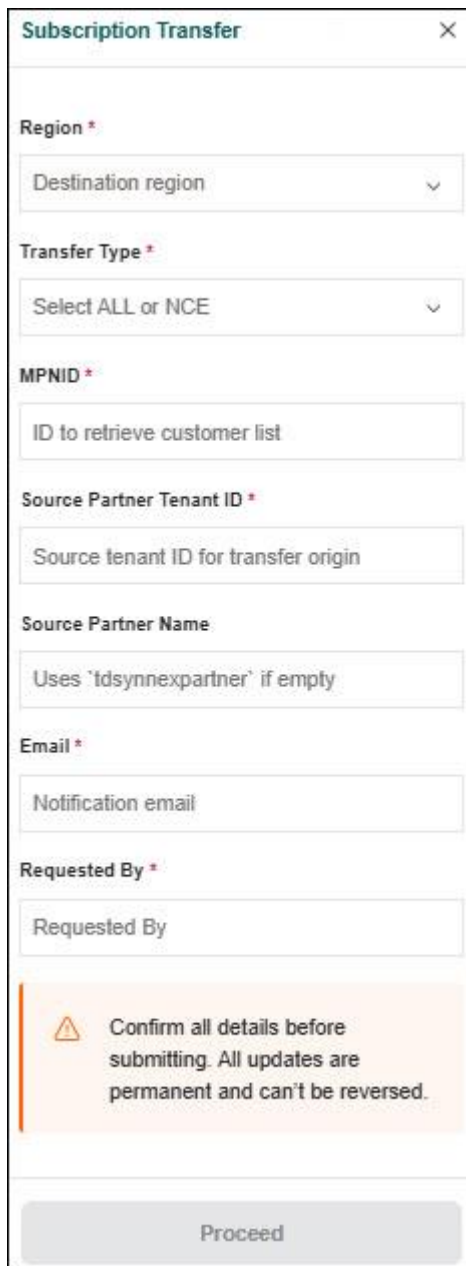

Viewing the Transfer Request Process

The transfer request process explains how to initiate a transfer request, including submitting details and tracking the request status.

To view the transfer request process, perform the following steps.

1. On the **Subscription Transfer** page, click the **Upload** button.

The **Subscription Transfer** dialog box is displayed.

The screenshot shows a 'Subscription Transfer' dialog box with a close button (X) in the top right corner. The form contains several fields, each with a red asterisk indicating it is required:

- Region ***: A dropdown menu with 'Destination region' selected.
- Transfer Type ***: A dropdown menu with 'Select ALL or NCE' selected.
- MPNID ***: A text input field containing 'ID to retrieve customer list'.
- Source Partner Tenant ID ***: A text input field containing 'Source tenant ID for transfer origin'.
- Source Partner Name**: A text input field containing 'Uses `tdsynnexpartner` if empty'.
- Email ***: A text input field containing 'Notification email'.
- Requested By ***: A text input field containing 'Requested By'.

Below the input fields is a warning message in an orange box:

 Confirm all details before submitting. All updates are permanent and can't be reversed.

At the bottom of the dialog box is a 'Proceed' button.

2. In the **Region** field drop-down, select the destination region where you want to transfer the subscriptions, such as USSND, USSND, and so on.

The screenshot shows a form field labeled "Region *" with a red asterisk. Below the label is a drop-down menu with the text "Destination region" and a downward arrow. The menu is open, showing a list of options: "USSND", "USSND", and "INSND". A vertical scrollbar is visible on the right side of the list.

3. In the **Transfer Type** field drop-down, select the required transfer type such as ALL or NCE.

The screenshot shows a form field labeled "Transfer Type *" with a red asterisk. Below the label is a drop-down menu with the text "Select ALL or NCE" and a downward arrow. The menu is open, showing a list of options: "All" and "New Commerce".

- i. **ALL:** Includes Azure and New Commerce Experience (NCE)
 - ii. **NCE:** Includes New Commerce.
4. In the **MPNID** field, enter the Microsoft Partner Network (MPN) ID of the reseller.
5. In the **Source Partner Tenant ID** field, enter the tenant ID of the source partner.
6. In the **Source Partner Name** field, enter the name of the source partner organization.
Note: If this field is left blank, the system automatically sets it to "tdsynnexpartner".
7. In the **Email** field, enter an email address to receive transfer status notifications.
Note: Ensure that all the entered details are correct before submitting. A submitted transfer cannot be reversed.

8. In the **Requested By** field, enter the name of the user who initiated the subscription transfer request.

CancelSubmit

Note:

- If the entered MPNID is incorrect, an error message is displayed. You must click **Rework** to enter correct MPNID.

Confirmation

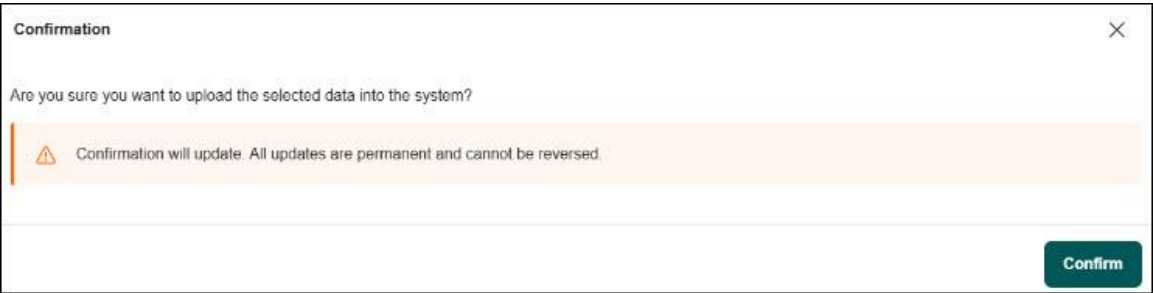

No customers found for the MPIN ID and region provided. Cannot proceed further.

Rework

- The **Proceed** button is available only after you enter the correct details in the **Source Partner Tenant ID** field marked with red (*) asterisk.

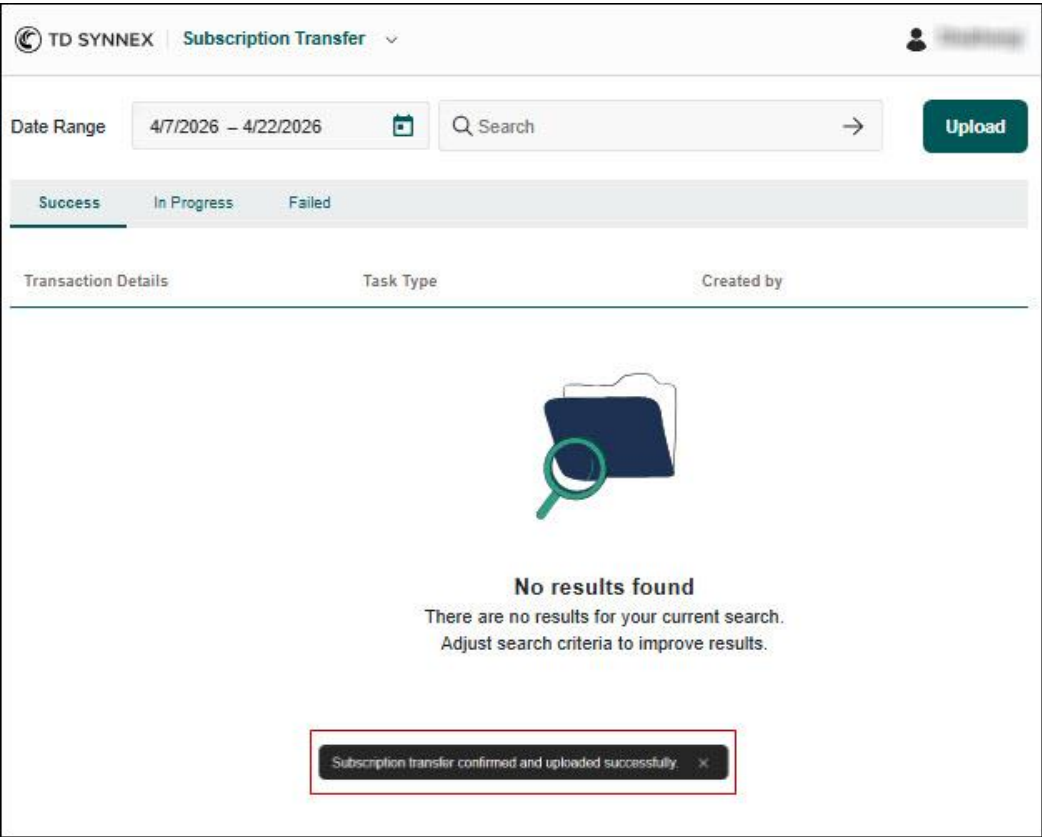

10.The **Customer Preview** feature provides customer information and displays the entire customer list. Click **Submit**.

A confirmation message is displayed.

11.To proceed, click **Confirm**.

A successful transfer message is displayed.

12.After the subscription transfer is confirmed, the tool initiates the transfer process for each child request.

13.While processing the transfer, the records are in the *Progress* state.

14.If the transfer process is initiated successfully, it is displayed in the **Success** tab.
