Overview

The Update MPNID application is an automation tool that provides a streamlined mechanism to update or correct the MPNID for active and historical subscriptions. This ensures that each subscription is accurately mapped to the correct reseller, improving data quality, partner attribution, and overall compliance.

About this document

This document provides step-by-step instructions to understand and navigate through the Update MPNID dashboard.

Key features:

- Automation tool to bulk update capability and correct MPN IDs for multiple subscriptions at once.
- Ensures accurate reseller mapping across all active and historical subscriptions.
- Reduces manual effort by replacing individual updates with an automated process.
- Improves data consistency across Microsoft commerce and reporting systems.

Getting Started

This section includes the following topics.

- [Obtain access to the environment](#)
- [Sign in to the Update MPNID dashboard](#)

Obtain access to the environment

Ensure that you have obtained permission to access the corresponding dashboards of StreamOne Hub.

The Update MPNID dashboard includes the following environment.

Environment	Web address
PROD	https://streamone-hub.tdsynnex.org

Sign in to the Update MPNID dashboard

To sign in to the Update MPNID dashboard, perform the following steps.

1. In the browser, enter <https://streamone-hub.tdsynnex.org>.

The **StreamOne Operations Hub** page is displayed.

The screenshot shows the StreamOne Operations Hub dashboard. At the top, the header includes the TD SYNnex logo and the text 'StreamOne Operations Hub'. A user profile icon is in the top right corner. The main content area starts with a 'Welcome' message to 'Shubhang'. Below this, a paragraph states: 'Welcome to StreamOne Operations Hub! You've successfully logged in. The following modules are designed to help you manage and monitor your cloud operations with ease. Select a module to get started'. There are two rows of module cards. The first row contains 'Cloud Credit Connector' and 'Cloud Billing Connector'. The second row, under the heading 'STREAMONE CLOUD TOOLS', contains 'EST Manager', 'PCR Cleanup', 'Sandbox Cleanup', 'Update MPNID', and 'Subscription Transfer'. Each card features an icon, a title, a brief description, and a right-pointing arrow.

Welcome Shubhang

Welcome to StreamOne Operations Hub! You've successfully logged in. The following modules are designed to help you manage and monitor your cloud operations with ease. Select a module to get started

Cloud Credit Connector
Ensures visibility into reseller credit limits and billing compliance to minimize credit risk.

Cloud Billing Connector
Streamlined billing engine for invoicing, costs, and ERP/cloud sync.

STREAMONE CLOUD TOOLS

EST Manager
Modify subscription auto-renewal from EST to Cancel at End of Term.

PCR Cleanup
Clean up inactive or invalid Microsoft partner-customer relationships.

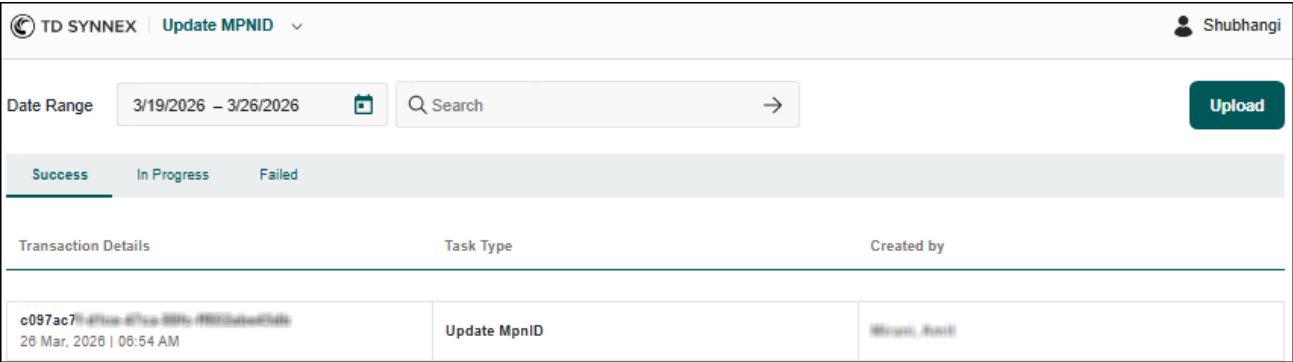

Sandbox Cleanup
Clean up sandbox environments by deleting requested sandbox domains.

Update MPNID
Update or correct the MPN ID for a customer to ensure accurate partner association.

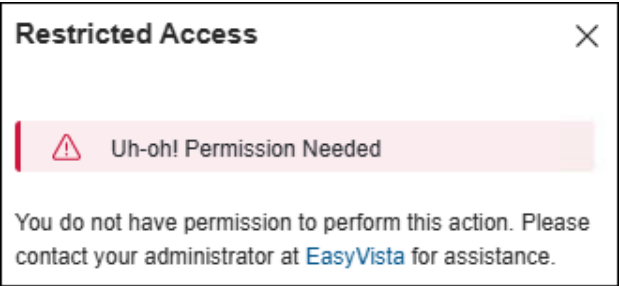

Subscription Transfer
Transfers customer subscriptions from Source to Destination PAC.

2. In the **STREAMONE CLOUD TOOLS** section, click **Update MPNID**.

The **Update MPNID** dashboard page is displayed.

Note: When you click the **Update MPNID** application, if you do not have the required permissions, the **Restricted Access** dialog box is displayed along with a link that navigates to a document explaining how to create an EasyVista ticket. The error message varies according to the permissions.

The following table includes filters of the Update MPNID dashboard.

Filters	Image	Description
Date Range		Displays data for the selected date range.
Search		Searches for specific records within the selected date range.

The following table includes tabs of the Update MPNID dashboard.

Tab	Description
Success	Displays records for the successfully uploaded subscriptions.
In Progress	Displays records for the subscriptions being processed.
Failed	Displays the subscriptions that encountered errors or did not complete.

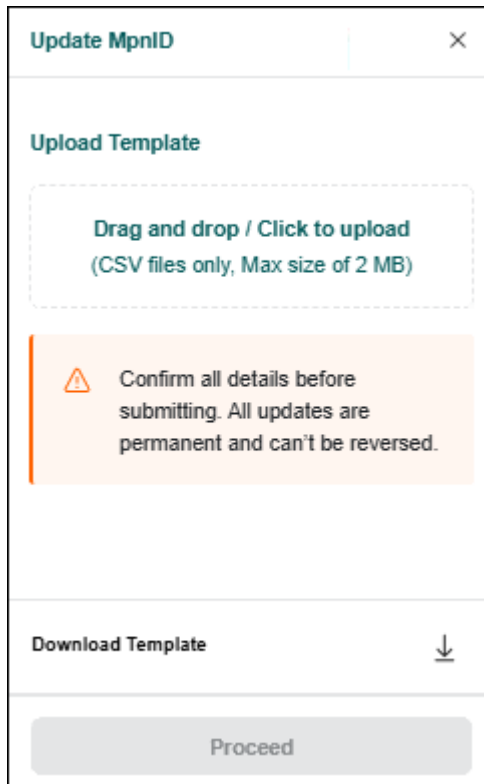

Viewing the MPNID updating process

The updating MPNID process involves downloading the required CSV template from the tool and uploading the CSV format file.

To view the MPNID updating process, perform the following steps.

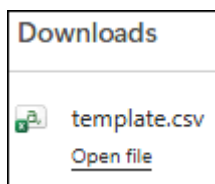

1. On the Update MPNID page, at the top-right, click the **Upload** button.

The **Update MpnID** dialog box is displayed.

2. To download a template, click .

The template is downloaded and saved in the **Downloads** folder of your computer.

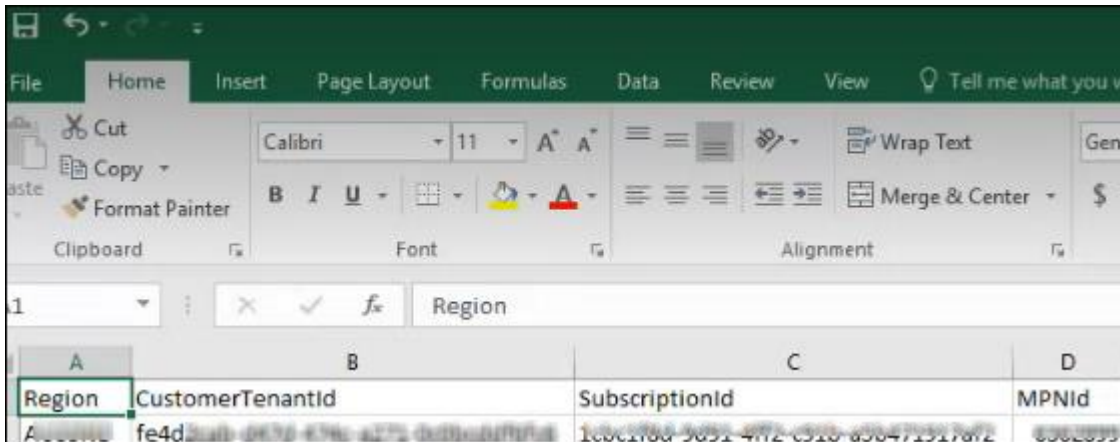

3. Click **Open file**.

4. Enter the required details in the following columns of the CSV template file:

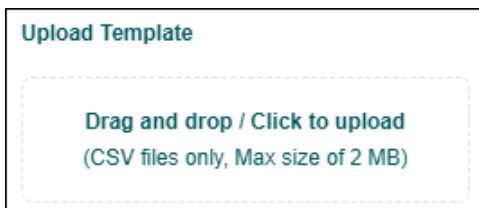

- Region
- CustomerTenantId
- SubscriptionId
- MPNid

Note: Ensure that you have the required details before downloading the CSV template file.

5. After entering the details, click **Save**.

6. To upload a file, in the **Update MPNID** dialog box, go to the **Upload Template** section.

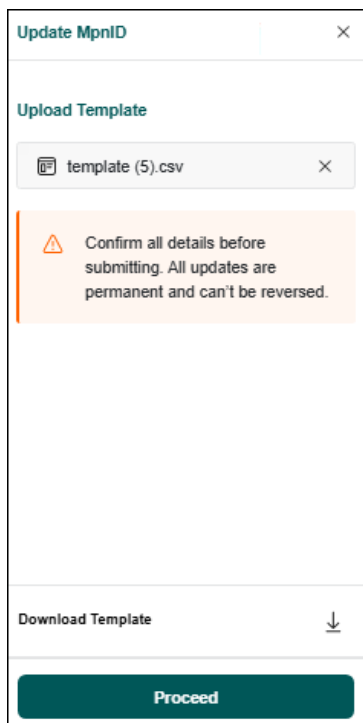

Note:

- You can upload only CSV files, and the file size must not exceed 2 MB. If a user uploads a file larger than 2 MB, an error message is displayed "**Attached file size exceeds 2 MB.**"
- If the uploaded file is in a format other than CSV, an error message is displayed "**Incorrect file type attached.**"
- If you upload a duplicate file, an error message is displayed "**File has duplicate data cannot process it.**"

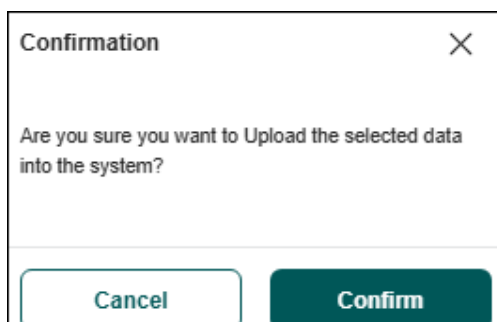

7. Drag and drop, or upload a file from the corresponding location on your computer.

The file is uploaded.

8. Click **Proceed**.

A confirmation message is displayed.

9. Click **Confirm**.

The file is displayed on the **In Progress** tab.

Success	In Progress	Failed
Transaction Details		Task Type
ab9d6b 25 Mar, 2026 03:38 PM		Update MpnID
		Created by
		Parekh, Nirali

10.Refresh the screen and click the **Success** tab.

The subscriptions are successfully uploaded and displayed on the Success tab.

Success	In Progress	Failed
Transaction Details		Task Type
ab9d6b 25 Mar, 2026 03:38 PM		Update MpnID
		Created by
		Parekh, Nirali

		MpnID update completed successfully ..
		25 Mar, 2026 03:46 PM
		Success

After the subscriptions are successfully uploaded to the Update MPNID tool, each subscription is linked to the appropriate reseller ID. As a result, the subscription status in Microsoft Partner Center is updated, and the Reseller column changes from "None" to the corresponding reseller ID assigned to that subscription.

Name	Subscription id	Quantity	Status	Billing frequency	Term duration	Promotion	Reseller
Microsoft 365 Business Premium New Commerce Experience	71901901-0000-0000-0000-000000000000	1 Licenses	Renews to extended term on 01/01/2027	Monthly	Yearly	None	Test_Test_Australia001
Dynamics 365 Business Central Essentials - Extended Service Term New Commerce Experience	71901901-0000-0000-0000-000000000000	1 Licenses	Renews to extended term on 04/01/2026	Monthly	Monthly	None	Test_Test_Australia001
Dynamics 365 Business Central Essentials New Commerce Experience	71901901-0000-0000-0000-000000000000	1 Licenses	Renews to extended term on 04/01/2026	Monthly	Triennial	None	None

Note:

- If the information entered in the uploaded CSV is incorrect, the corresponding subscriptions appear on the **Failed** tab. To view the detailed error message, click each subscription.

The screenshot displays the 'Update MPNID' tool interface. At the top, there is a 'Date Range' filter set to '3/19/2026 - 3/26/2026' and a search bar. Below this, there are tabs for 'Success', 'In Progress', and 'Failed'. The 'Failed' tab is selected, showing a list of transactions. The table has columns for 'Transaction Details', 'Task Type', and 'Created by'. The 'Task Type' column shows 'Update MpnID' for all entries. The 'Created by' column shows 'Arora, Pallel'. A modal window titled 'MpnID Details' is open, showing details for a specific transaction. The modal has a 'Details' tab and displays the following fields: Region (AUSTRALIA), MPNID (800000), Customer Tenant ID (f411320c-c10b-4010-a010-5f1010101010), Subscription ID (f411320c-c10b-4010-a010-5f1010101010), and Output Message (MpnID update failed [{"Status":"FAILED","TransactionId":"f411320c-c10b-4010-a010-5f1010101010","VendorId":null,"ErrorCode":"0001","ErrorMessage":"Vendor error","ErrorDetails":{"message":"The PLA ID (formerly MPN ID) is not linked to any active reseller tenant."}]}]).
